

Fluids and Electrolytes Made Incredibly Easy! (Incredibly Easy! Series®)

By Springhouse

Lippincott Williams & Wilkins, U.S.A., 2007. Soft cover. Book Condition: New. 4th Edition. 8vo - over 7¾ - 9¾" tall. Fluids and Electrolytes Made Incredibly Easy!, Fourth Edition, presents the fundamentals of fluids and electrolytes in an entertaining, interesting, and easy-to-understand manner. Chapters review basic information about fluids, electrolytes, and acid-base balance; identify fluid, electrolyte, and acid-base imbalances; describe imbalances in major health problems and their consequences; and explain how to treat those imbalances. This thoroughly updated edition includes a new chapter on acute pancreatitis. Charts, illustrations, recurring icons, Memory joggers, and other features help readers focus on and remember key points. Quick-reference appendices list fluid and electrolyte differences in pediatric and geriatric populations.

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
