Random House USA Inc, United States, 2011. Paperback. Book Condition: New. 202 x 130 mm. Language: English . Brand New Book. If the consumer economy had a sex, it would be female. If the business world had a sex, it would be male. And therein lies the pickle. Women are the engine of the global economy, driving 80 percent of consumer spending in the United States alone. They hold the purse strings, and when they ve got a tight grip on them as they do now, companies must be shrewder than ever to win them over. Women grow up within a culture of their own gender, which is often invisible to men. Brennan dissects this female culture and explains the important brain differences between men and women...
