By Giovanni Caviezel, C. Mesturini

Barron s Educational Series Inc.,U.S., United States, 2015.

Board book. Book Condition: New. 300 x 157 mm. Language:

English . Brand New Book. This charming board book explains the human body in a series of words and pictures easy enough so that preschool boys and girls can understand them. The heavy board pages are die-cut in the shape of a smiling little boy. When kids lift the front cover, they remove his shirt and see the location of his heart. The text gives a simple explanation of how the heart pumps blood through the entire body. As kids turn successive pages, they observe the human body s interior and learn about the functions of muscles, lungs, the skeleton, and the stomach and intestines. This instructive book appeals to younger children s natural curiosity about their bodies. It is a title in Barron s Little People Shape Books, a series of color-illustrated board books that are easy for early-graders to read, and are understandable to preschoolers when the books are read aloud to them.
