COMMON CENTS: ECONOMIC+POLITICS+FINANCE A CITIZEN S SURVIVAL GUIDE

Createspace, United States, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. Change is inevitable. Change is constant. - Benjamin Disraeli It is not the strongest of the species that survive, nor the most intelligent, but the one most responsive to change. - Charles Darwin The world is changing. Fast. Economics, finance, politics. Revolutions in information, communication, economic liberalization, and political integration are bombarding us at a dizzying pace. Individually and collectively, we try to manage this change, seeking to adapt and thrive. One way we organize our collective action is through the exercise of public policy, but the landscape keeps changing and the old maps and blueprints seem inadequate to the task. If our leadership elites understand how to manage these changes, it is not apparent from the results. Regrettably, our traditional media sources seem unable or unwilling to help by providing straight answers untainted by ideology and political partisanship. The stock market jumps higher one day, and crashes the next, but what exactly has changed between yesterday and today? Or tomorrow? Meanwhile, Main Street enterprises and average families struggle to survive, much less thrive. In a self-governing democracy, how do we navigate this growing chaos? How do we return to a world we recognize? To start, we need to establish some touchstones to anchor our rational perceptions. Today, these touchstones must come from our own understanding. We need a basic intellectual foundation to guide our collective decisions because managing democracy is no longer the exclusive domain of the expert. Common Cent\$: A Citizen s Survival Guide seeks to satisfy this need. The guide is a basic primer that focuses on economics for non-economists and policymakers. Its author holds advanced degrees in economics, finance, and political science and...
